I have attached the Nez Perce Tribe's comments on the SOW. Brad and I have talked about getting a technical meeting set up shortly to discuss potential early actions to include in the agreement. I think the government agencies should have a technical discussion as early as possible, and then set up a subsequent meeting with Midas. Gary, Lisa, and Jill, can you please talk to your folks about possible times to meet? Then we can schedule a technical meeting with Midas after that.

Thanks

Elizabeth
